**Funding sources:** NEFCO, NUEE, Rivne City

**Procurement:** Works, goods and services

**Notice type:** General Procurement Notice

**Issue date:** 24 February 2021

**Closing date:** 24 February 2023 at 23:59 Kyiv time

The City of Rivne represented by the Capital Construction Department of the Executive Committee of the Rivne City Council is planning to announce competitive tendering for the works, goods and services defined by the Project «Energy Efficiency in municipally-owned buildings and facilities of the city of Rivne and modernisation of street lighting». Tendering for the contracts are planned to begin in the second quarter of 2021.

The City intends to use the funds from a loan provided by Nordic Environment Finance Corporation (NEFCO), funding from the city of Rivne and grant funds from Norway-Ukraine Energy Efficiency Initiative (NUEE) for the works, goods and services as listed below.

The Projects is being implemented based on the decision No. 7884 of the Rivne City Council dated 17 September 2020 «On attracting a loan and grant from NEFCO for financing the investment project» (with changes).

Within the framework of the project «Energy Efficiency in municipally-owned buildings and facilities of the city of Rivne and modernisation of street lighting», in 2021-2022 contractors will be selected for implementation of contracts in a total amount of about 6.731 million Euro in the following areas:

- thermal insulation of building facades (including basements)
- replacement of windows
- replacement of the entrance doors
- thermal insulation of roofs
- ventilation with disposal

- installation of individual heating stations (IHS)
- solar collectors for hot water supply
- modernisation of interior lighting
- upgrade of kitchen equipment
- water taps with reduced pressure
- balancing of the internal heating systems
- replacement of obsolete street fixtures using mercury or sodium lamps with new LED fixtures
- replacement of the obsolete system of control and protection of street lighting
- replacement of worn elements (poles and cable heads)
